

## Vorige edities NVA Jaarcongres

In de geschiedenis van de NVA zijn er verschillende congressen geweest met elk een ander thema. Hieronder vindt u een overzicht van deze congressen met bijbehorend thema.

### **2019 New Indications in arthroscopic surgery for your practice or your patients?**

C. Bessiere, "Learning curve and pitfalls arthroscopic Latarjet procedure"

B. Sonnery-Cottet, "Antero lateral rotational instability (ALRI)"

P. van Veen, "Social primal behaviour; how we act as primats at work"

[2019 Programma](#)

### **2018 "Arthroscopic surgery in small joints, is it worth it?" & "Ligament surgery of the knee"**

A. van Tongel, "SC arthroscopy"

J.D. Calder, "Tendoscopy foot/ankle"

M. Denti, "Return to sport after ACL reconstructions"

E. Cavaignac, "Quad tendon graft in ACL surgery"

R. Alonso, "Superior capsular reconstruction"

V.Aarimaa, "Degenerative cuff tear, to operate or not to operate?"

[2018 Programma](#)

### **2017 Tennis & Arthroscopy**

D. Saris, "Cartilage treatment anno 2017"

D. Mekic, "Innovations"

D. Eijgendaal, "Lateral sided elbow pain is not always a tennis elbow!"

A. van Noort VS H. van der Hoeven, "Shoulder injuries, should we operate or not on tennis players"

[2017 Programma](#)

### **2016 "The femur above and beyond"**

R. Janssen, "Medial collateral ligament injury"

A. van Kampen, "Patella instability"

K. Lombarts, "Professional performance tussen tijd en technologie"

E. Visser & P. Drujits, "The hip, it is the inside that counts"

[2016 Programma](#)

### **2015 'Arthroscopic Frontiers'**

S. Burkhart, "The degenerative cuff"

L. Engebretsen, "Posterior cruciate ligament injury when to operate"

L. Galatz, "Natural history of rotator cuff tears" & "Complications of elbow arthroscopy"

T. Hewett, "ACL injury prevention"  
L. Lafosse, "Complications and treatment options arthroscopic Latarjet procedure"  
S. Zaffagnini, "ACL reconstruction for the professional athlete"  
[2015 Lustrumprogramma](#)

#### **2014 The Art (hroscopy) of Football**

A. van der Wouw, "Return to play" after ACL injury"  
A. Williams, "The Anterolateral Ligament-is it the whole story?"  
E. Goedhart, "Groin complaints in professional footballers"  
P. Verdonk, "Meniscal lesions and suturing in football players"  
[2014 Programma](#)

#### **2013 Arthroscopic Aspects of Hip and Ankle Surgery**

P. Golano, "Ankle Antomy for the Arthroscopist"  
P. d'Hooghe, "FIFA Ankle Injuries"  
M. Attinger, "Open treatment of FAI"  
F. Bataille, "Arthroscopic treatment of FAI"  
[2013 Programma](#)

#### **2012 Sports InSights**

M. Schwellnus, "The genetics of tendinopathy"  
B. Otten, "Neural control after ACL Repair"  
A. Rijckaert, "How to return to sport after a football injury"

#### **2011 Everything you always wanted to know about the meniscus but were afraid to ask**

T. Carter, "Long term outcome of arthroscopic meniscectomy"  
P. Verdonk, "Meniscus substitution using scaffolds"  
T. Spalding, "Indications techniques and outcome of arthroscopic repair of meniscal lesions"

#### **2010 New Horizons in Arthroscopy**

W.B. Kibler vs R. Norlin, "Battle arthroscopic decompression"  
C. Brown vs F. Fu, "Battle ACL: single versus double bundle"  
P. Boileau, "Shoulder instability: decision making in surgical treatment"  
D. Saris, "Technovolution of Muskuloskeletal Reconstruction"

#### **2009 Backside of arthroscopy**

M. Tauber, "Glenoid fractures"  
J. Calder, "Ankle fractures"  
A. Williams, "The troublesome knee after arthroscopy"  
G. Di Giacomo, "The troublesome shoulder after arthroscopy"

#### **2008 Scope on sports**

M.P. Heijboer, "Tendinopathy current concepts"  
C.H.J. van Eijck, "Endoscopic repair"  
J.F. Huylebroek, "Sport traumatology in Europe"

### **2007 Arthroscopy on the Edge**

- V. Khanduja, "On the edge ... Hip = 'hip'"
- P. Pinal, "Arthroscopy of the wrist without getting wet!"
- L. Giannini, "Arthroscopy in acute injuries around the ankle"

### **2006 The future is now**

- G. Declercq, "Future = now ... shoulder arthroscopy"
- A. Williams, "Future = now ... knee arthroscopy"
- J. Victory, "ACL reconstruction 2, 3 or 4 tunnels"

### **2005 Masterclasses rotator cuff pathology and complex ligamentous injuries of the knee**

- L. Lafosse, "Rotatorcuff injuries"
- P. Lobenhofer, "Classifications and work-up of complex ligamentous injuries of the knee"
- M.J. van Haeff, "Treatment rationale for complex ligamentous injuries of the knee"

### **2004 An update in ACL surgery**

- A. Amis, "Graft position and knee kinematica in ACL surgery"
- F. Azar, "Pitfalls and complications in ACL surgery"
- C.P. van der Hart, "Indication for ACL surgery and prevention of arthrosis"

### **2003 Around the meniscus**

- R. Verdonk, "Meniscal transplantations"
- E. van Arkel, "Meniscal transplantation where do we stand?"
- J. Bellemans, "Meniscal repairs with all inside devices"

### **2002 Arthroscopie van elleboog en pols**

- H.V. Johannssen, "Arthroscopic arthrolisis of the stiff elbow"
- L. Pederzini, "TFCC lesions and their arthroscopic treatment"
- T. Lindau, "Arthroscopic treatment of distal radius fractures"

### **2001**

- R. Villar, "Hip arthroscopy: State of the Art"
- C.N. van Dijk, "Hindfoot endoscopy: state of the art"

### **2000**

- I. Bayley, "A scientific counterbalance of arthroscopic rotator cuff repair"
- Champ L. Baker Jr, "The state of the art of arthroscopic rotator cuff repair"
- J.W. Willems, "Subacromial impingement syndrome"

### **1999**

- J. de Beer, "Arthrocare in shoulder arthroscopy"
- R. Heidt jr, "The use of Holmium YAG laser in arthroscopic surgery"
- Ph. Beaufils, "Drawbaks in laer surgery"

### **1998**

- F.P.J.G. Lafever, "Structure, function and healing capacity of cartilage"
- J. Gillquist, "Facts and myths on cartilage repair"
- V. Bobic, "Surgical procedure and results of osteochondral grafting technique"

**1997**

- Ph. Beaufils, "Shoulder stiffness, classification, arthroscopic treatment"  
K. en G. Declercq, "Hip arthroscopy"  
J. Thiry, "Complications in arthroscopic surgery"

**1996**

- P. Habermeyer, "Indications and operative procedures for anterior shoulder instability"  
B. Vandekerckhove, "Arthroscopic suturing of menisci"  
B. Klos, "Computer navigation in ACL"

**1995**

- H.U. Staubli, "The arthroscopy, an aid in tibial plateau fracture reduction?"  
P. Boileau, "Limits of arthroscopy in cuff disease"  
P. Albrecht-Olsen, "Meniscus arrows vs inside-out sutures"

**1994**

- S. Howell, "Meniscal kinematics related to ACL pathology"  
L. Desmet, "Endoscopic versus open decompression of the carpal tunnel"  
W. Siefert, "Meniscal transplantations in unstable knees"

**1993**

- J. Noble, "Complications in arthroscopy"  
G. Dereymaeker, "Ankle arthroscopy"  
D. Dauwe, "The value of wrist arthroscopy"
